

Mid-Plains Community College Campus Security & Safety Report

2016

Mid-Plains Community College engages in educational efforts to enhance security. We are committed to an integrated philosophy of awareness, education, prevention and service. We seek internal and external partnerships to

promote and maintain a safe, secure environment conducive to learning, living and working at MPCC.

Programs MPCC coordinates include:

- Campus-wide e-mails, text messages and voice mails sent in extreme threat circumstances
- Daily crime logs available for public review
- Distribution of information to campus publications such as the student newspaper, staff newsletters and other sources; printed material, such as brochures and fliers, displayed in public places and distributed at meetings and other events
- Outreach services and informational programs for residence halls, and other student organizations that provide crime awareness and prevention education, information and guidance on personal safety, as well as an opportunity to promote an open dialogue about various safety and security issues
- Tallying of pertinent statistical data gathered as the result of confidential crime reports
- Crime alerts and crime notices posted in conspicuous locations to provide timely warnings to the community about criminal incidents considered a potential threat to students and employees

Reporting Crime

In case of a life-threatening emergency, make the following calls:

1. 911 or 9-911 from a campus phone
2. The 911 operator will assist in directing the necessary response from emergency services, i.e., police, fire and paramedics. Be prepared to give the operator information about the emergency, including:
 - Your name, address, and phone number for verification
 - Description of suspicious person(s) or vehicle(s) involved (if applicable)
 - On a first aid call, determine if the victim is conscious and breathing

College community members are strongly encouraged to report all criminal incidents, suspicious activities and emergency situations immediately to their local police department by calling 911 or 9-911. Crimes that are non-emergency in nature may be reported by calling 308-345-8109 in McCook, 308-535-3722 in North Platte, 308-872-5259 in Broken Bow, 308-882-5972 in Imperial, 308-284-9830 in Ogallala 308-284-9830, in Valentine, 402-376-8033 or by telling any campus official.

MPCC security personnel routinely patrol the campus area in vehicles and on foot. At McCook Community College security can be reached after business-hours at 308-340-4760 and North Platte Community College at 308-530-7795,. In certain situations, a campus-wide alert is sent. Additionally, the Area Dean of Student Life and the Area Dean of Enrollment Management maintain a daily crime log that is available for review.

Campus security authorities are directed to formally report to the Campus Vice President of either McCook Community College or North Platte Community College specified criminal incidents that are reported to them or that have occurred at, or in association with, officially sanctioned events and/or activities. A “campus security authority” is defined as “an official of the institution who has significant responsibility for students and campus activities.”

Members of the MPCC community are strongly encouraged to report all criminal activity immediately to their local police department. Formal reports of this nature are documented, investigated and referred for disposition. However, we recognize that in certain situations, individuals who are victims of crime may not wish to disclose certain details of crimes or their identities. The person with whom you may discuss all of this with complete confidentiality is either the Area Dean of Student Life or the Area Associate Dean of Student Life. Additionally, they can help you arrange assistive counseling support with various community agencies. Please call either 308-345-8109 or 308-535-3722 for assistance.

Keep in mind that victims of offenses committed by MPCC students have several reporting options. These include: 1) reporting to the police for criminal action, 2) filing a civil lawsuit against the suspect and 3) reporting to campus officials. For college sanctions to be considered, you may pursue these options simultaneously, or any one of them separately.

For example, reporting a crime and cooperating with a law enforcement investigation are necessary for criminal prosecution of a sexual assault case, but are not required for college sanctions to be brought against a student found responsible. Please see the MPCC Student Code of Conduct in the Student Academic Planner or the college website at www.mpcc.edu for details.

Additional Reporting Options

MPCC does not tolerate any form of sexual assault. Non-stranger rapes account for over 85 percent of sexual assaults committed on college campuses. These include situations in which a person is without the physical or mental capacity to consent, often due to being under the influence of alcohol or other drugs. Students are encouraged to report sexual misconduct to college officials.

Anyone who reports an incident of sexual misconduct retains the right to notify proper law enforcement, and college officials will assist in notifying local police if the student so chooses. Students may also request changes in their academic and/or living situations. Such changes will be granted provided appropriate arrangements are reasonably available. If you reside in college operated housing facilities, the Housing Director can assist you with these requests.

Regardless of whether formal criminal charges are filed, MPCC reserves the right to pursue disciplinary action as deemed appropriate. The college will consider the concerns and rights of both the person making the charge and the accused student. These rights include, among others, the right to have an adviser present during any disciplinary proceeding, and the right to notification of the outcome of any disciplinary action taken.

RAVE (Emergency Notification System)

MPCC has implemented a First Response System through which we can communicate urgent messages to you via text messages and e-mail. To enable this system, you must update your profile at www.getrave.com/login/mpcc of your notification preferences. You may identify up to three wireless devices such as cell phones and up to three e-mail addresses on which you can receive text messages. To update your notification information, log-on to your MPCC portal and click on the RAVE Emergency Notification Update link.

Residence Hall Policies: Fire

It is impossible to distinguish between a fire drill and the real thing by the sound of the alarm. It is absolutely imperative that you assume the alarm is real every time you hear it! Unannounced fire drills will be held periodically throughout the academic year. All residents present when the alarm sounds must evacuate the building immediately. Failure to evacuate the building could endanger the lives of the residence life staff, the fire fighters, and the emergency personnel along with yourself and will result in disciplinary action. Emergency procedures are listed below. It is your responsibility to be familiar with these procedures. It would be advisable for you to take a few minutes and familiarize yourself with the nearest exits. Please remember not to use elevators during fire alarms.

In the event of a fire:

1. Call the fire department, 911.
2. Turn on all lights and exit the unit, leaving the door open.
3. Remain 150 feet away from the building.
4. Notify college security and Director of Housing.

If the fire alarm sounds:

1. Check doors for heat before opening them. Close doors behind you to limit the spread of smoke.
2. Exit the building immediately, using the most direct route.
3. If heavy smoke is encountered, drop to the floor and continue to proceed out of the building. The clearest air will be near the floor.
4. Assemble at the front of the building at a safe distance. Check in with your RA or head resident and remain in the area unless told otherwise.
5. Do not re-enter the building until told to do so.

CANDLES/ INCENSE/PLUG-INS

Because of the potential fire hazard candles, incense and plug in type air fresheners may not be used in the residence halls.

ELECTRICAL EQUIPMENT AND APPLIANCES

Students may use small electrical appliances and equipment in their rooms. All appliances must be UL (Underwriters Laboratory) approved. Because of the fire hazard involved, hot plates, toasters, indoor grills, space heaters and all other electrical equipment with open coils are not permissible. Permission to have any electrical appliance, other than TV, radio, stereo, computer, printer, microwave, small refrigerator, hair equipment, etc. must be obtained from the Coordinator.

A fire safety training program is provided annually for both halls. The training is 1 hour and covers severe weather safety and fire safety.

Tornado Information

Tornado watches and warnings are issued by the National Weather Service. Tornado watches are generally for wide areas that are exposed to a rapidly developing threat. The time period covered will normally be several hours. Not every watch will result in severe thunderstorms or a tornado, but one may result in some part of the watch area. During a tornado watch, you should be aware of changing weather conditions and be prepared to move to a place of safety. Should the weather look threatening, please tune to a local radio or TV station to stay abreast of the situation.

Tornado warnings are issued when a tornado has been sighted. When a tornado warning is issued, seek shelter or move to safer areas immediately as listed below:

Brooks Residence Hall: The following locations are identified as safe locations depending on where you might be located should a warning be issued. Immediately go to one of the following locations – lower level hallway, lower level bathrooms, south laundry room hall, or bathroom off the laundry room hall.

North Platte North Campus: The main building is a safe shelter point. In the event of a tornado warning, the building should be open. Proceed to one of the main inner halls.

North Platte South Campus: The interior halls of the 1st floor are the safe shelter point.

Things to do:

Stay close to the floor and cover your head with a jacket, blanket, pillow, etc., and shield yourself from flying debris. If time permits, take a flashlight and battery powered transistor radio when you move to a place of shelter for firsthand weather information and a source of light in case the electricity fails.

If you are outdoors:

Seek shelter, if possible. Parked motor vehicles are unsafe. If you can't get indoors, lie flat in a ditch or low spot. If you are on flat ground and are caught in the path of a tornado, always move at right angles to its path. Remain in a place of shelter until you hear the all-clear signal or until you are sure the tornado has passed. In case a tornado touches down on the college property, use a telephone for emergency purposes only.

Missing Student Compliance Statement

If a member of the MPCC community has reason to believe that a student who resides in on-campus housing is missing, he or she should IMMEDIATELY notify the MCC Director of Housing (308-345-8177) or the NPCC Director of Housing (308-535-3795) or the Area Dean of Student Life (308-345-8109) or the Area Associate Dean of Student Life (308-535-3722). He or she will notify the Campus Vice President of MCC or NPCC respectively, and the McCook or North Platte City Police Department.

After investigating the missing person report, should the local Police Department determine that the student is missing and has been missing for more than 24 hours, MPCC will notify the student's emergency contact(s). If the missing student is under the age of 18 and is not an emancipated individual,

MPCC will notify the student's parent or legal guardian immediately after local Police has determined that the student has been missing for more than 24 hours.

In addition to registering an emergency contact, students residing in on-campus housing have the option to identify confidentially an individual to be contacted by MPCC in the event the student is determined to be missing for more than 24 hours. If a student has identified such an individual, MPCC will notify that individual no later than 24 hours after the student is determined to be missing. Students who wish to identify a confidential contact may do so by contacting the Director of Residence Life at either MCC or NPCC.

Sexual Assault: Facts, Prevention and Reporting Prevention:

Remember, sexual assault is not just a woman's issue. Men and women are both responsible for preventing sexual assault and rape. Suggestions for men working to end sexual violence include:

- Understand your partner wants. No means No—never assume what your partner wants sexually. Always ask.
- Don't engage in sexual relations with someone who is too drunk to make responsible decisions, has passed out, or is asleep or unconscious. Legally, this is sexual assault.
- Realize that what you say can have an impact. Casual conversation is the best way to influence peers to prevent an incident that could hurt others. Silence can be mistaken by your friends as approval to sexist or violent behaviors.
- Report any incident as soon as possible. If you see someone in trouble at a party, don't be afraid to intervene. It's easy to use your cell phone to notify campus authorities, the police or someone who you know could stop it.

Remember:

- You have the right to set limits. Be aware of gender stereotypes such as "being assertive is not feminine" or "it's macho to score." These attitudes get in the way of honest relationships.
- Communicate your limits clearly and verbally.
- Trust your instincts. If a situation doesn't feel right, get away from it.
- Listen to what your partner is saying. Don't make assumptions.
- Speak up when others joke or talk about their sexual conquests. Let others know where you stand.
- Remember, drugs and alcohol decreases your ability to take care of yourself and make decisions.

Plan ahead:

- First date or blind date? Check your date out with friends. Go to a public place and go with friends.
- Don't leave a party, concert, or bar with someone you just met or don't know well.
- Be wary of behavior that makes you feel uncomfortable. If it persists, leave.
- Stand up for yourself. If someone is pressuring you, make it clear that you don't like it.

If you are sexually assaulted, contact the local police department, or a campus official.

Whether committed by a stranger or someone you know, sexual assault is a violation of your body and your trust. Remember, it is never your fault. And, there are people at MPCC who can help.

If you are assaulted:

- Don't shower, wash, douche or change your clothes, even though that may be your immediate reaction. If you choose to press charges, evidence may still exist if you don't wash.
- Seek medical attention. You may have internal injuries, and you shouldn't live with the fear of STDs or AIDS.
- Trained medical staff may also assist you in contacting experienced sexual assault response team members who can help you file a police report, collect and preserve evidence, and provide victim assistance and rape crisis advocacy services.
- Get counseling to help you deal with your feelings.

If someone you know is raped:

- Believe—tell them you believe what they are saying and you are there to support them.
- Empower—support your friend, don't tell them what to do. Next steps have to be their decision.
- Connect—talk about the MPCC and community resources that can help.

MPCC Policy – Respect for others

Consistent with the values of Mid-Plains Community College, members of the College community are expected to demonstrate respect for others and an appreciation for the worth of every person. All members of the College community share responsibility for maintaining a quality campus environment. Ignoring actions or activities that disrupt or violate community guidelines damages our environment and infringes upon the rights of individuals.

1. HARASSMENT, INTIMIDATION, PROVOCATION, HAZING, AND FIGHTING

- a. Harassment: Verbal or written acts of abuse via any means of communication, including but not limited to telephone, telegraph, mail, or electronic mail (e-mail), are regarded as serious violation of human rights and are prohibited.
- b. Intimidation: Threatening another person via any means of communication, including but not limited to telephone, telegraph, mail, or electronic mail (e-mail), is regarded as a serious violation of state law.
- c. Provocation: Reckless and/or intentional conduct likely to provoke a reasonable person to commit battery is a violation of state law.
- d. Hazing/Initiation: Forcing or requiring another person to perform an act that creates a substantial risk of bodily injury or emotional stress, with or without the consent of that person, as a condition of association with a group or organization is considered a violation of human rights and is prohibited.

Note: MPCC recognizes the right of members of the College community to engage in lawful protests, or other forms of demonstration. Forms of protest that do not interfere with the freedom of members or guests of the College community to engage in usual and scheduled activities are permitted.

Sexual Offender Information

Mid-Plains Community College is committed to creating a community free from violence and fear. To assist in this effort, the following information is being made available to the campus community.

Nebraska State Statute, §29-4002 declares that sex offenders present a high risk to commit repeat offenses and that efforts of law enforcement agencies to protect the communities, conduct investigations, and quickly apprehend sex offenders are impaired by the lack of available information about individuals who have pleaded guilty to or have been found guilty of sex offenses, and who live in their jurisdiction. Because of that, the Legislature determined that state policy should assist efforts of local law enforcement agencies to protect their communities by requiring sex offenders to register with local law enforcement agencies. As provided by the Sex Offender Registration Act, this information may be accessed at the web site of the Nebraska State Patrol: www.nsp.state.ne.us.

At this web site you will be given the opportunity to search by last name, first name, city, county, or zip code.

This information is to be used to provide public notice and information about a registrant so a community can develop and construct a plan to prepare themselves and their families. Sex offenders have “always” been in our communities. The notification process will remove their ability to act secretly.

Sex offender registry information will not be used to retaliate against the registrants, their families, or their employers in any way. Vandalism, verbal or written threats of harm are illegal and may result in arrest and prosecution.

MPCC Alcohol and Illegal Drug Policies

MPCC promotes learning by engaging students, advancing scholarly inquiry, cultivating critical thought and creating knowledge. To foster an environment in which this mission can be realized, certain expectations must be placed upon each member of the college community. These expectations are non-negotiable and are monitored diligently. Individuals have the right to their own beliefs and values, but they share a responsibility to accept the consequences for failing to live up to the standards of the institution.

All students bear a responsibility to understand the policies governing their behavior as set out in the MPCC Student Code of Conduct. The college’s policies on alcohol and illegal drugs are defined below; however, all students should be familiar with the entire code.

More information, including the complete text of the code, can be found in the student handbook, and on the

Principle – Community Expectations

In addition to respect for others and safety and security issues, the MPCC community endorses policies which uphold positive standards of behavior and contribute to the effective management of the College. The guidelines in this section describe appropriate behavior and responsibilities of community members.

Family Educational Rights and Privacy Act – FERPA

EDUCATIONAL RECORDS & RIGHTS OF PRIVACY

Mid-Plains Community College complies with the Family Educational Rights and Privacy Act of 1974, in the collection, maintenance and dissemination of official student records. These records are subject to inspection and review by the student. The college has 45 days to respond to individual requests, though this amount of time should not normally be required. Students wishing to see and/or challenge the accuracy of their records should contact Registration & Records.

Information in a student's record will not be released without the student's written permission, although "directory information" may be released. Mid-Plains Community College designates the following items as directory information in compliance with the Family Educational Rights and Privacy Act: student name, field of study, dates of attendance, permanent phone number, local phone number, permanent address, local address, previous schools attended, nature of any degrees granted and dates conferred, student classification, photograph, height and weight of athletic team members, participation in officially recognized activities, honors and awards earned, and student e-mail addresses. Students will have ten days at the beginning of each semester during which they may notify Registration & Records, in writing that they wish to have their directory information withheld. Once a student notifies Registration & Records that his/her directory information is to be withheld, that request will be in effect (even after the student ceases to be enrolled at MPCC) until it is reversed, in writing, by the student. Adopted 12/17/97 by the Mid-Plains Community College Board of Governors (Policy 5141).

Students have the right to file a complaint with the U.S. Department of Education concerning alleged failures by the college to comply with the requirements of FERPA. The name and address of the office that administers FERPA is:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, S.W.
Washington, DC 20202-5920

Directory Information

The following information items are considered public information and may be included in appropriate college directories and publications or otherwise disclosed by designated staff members unless a student files a written request with Registration & Records during the first 10 days of a given semester. These items include the student's name, major field of study, dates of attendance, permanent phone number, local phone number, permanent address, local address, previous schools attended, nature of any degrees granted and dates conferred, student classification, photograph, height and weight of athletic team members, participation in officially recognized activities, honors and awards earned, and student e-mail addresses. These items will be used as the Area's Directory Information. Appropriate information may also be disclosed in cases of health or safety emergency.

Disclosure

Education records and personally identifiable information obtained from those records may be disclosed without the student's consent to school officials with legitimate educational interests. A school official is a person employed by MPCC in an administrative, supervisory, academic, research or staff position (including law enforcement unit personnel and health staff); a person or company with whom the college has contracted (such as an attorney, auditor or collection agent); a person serving on the board of trustees; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her institutional duties.

Parents may be notified if a dependent student under 21 years of age is found responsible for a violation involving use or possession of alcohol or controlled substances or is placed on judicial probation or suspended or dismissed.

A student's record may be released in compliance with a court order or subpoena. The Registrar or another official will make a reasonable effort to notify the student in advance of compliance. Student information may be released for health and emergency reasons.

Requests

Questions about these policies and procedures may be directed to the Registration & Records at 308-535-3774.

Mid-Plains Community College Campus Crime and Security Report 2014, 2015 and 2016 Calendar Years (January 1, 2014 – December 31, 2016)

Data Gathered to Comply with Campus Security Act of 1990 and Subsequent Related Regulations

Under this Act, institutions of higher education are required to provide timely warnings to members of the campus community on certain categories of crime. Only crimes that are reported to law enforcement officials, and that law enforcement officials deem occurred with the same degree of certainty they would require under the FBI's Uniform Crime Reporting System, are to be counted in the statistics (Federal Register, Vol. 59, No. 82, Friday, April 29, 1994). The initial regulations were further refined by the federal government in 1998 and again in 2014.

Hate Crimes

2016-No Hate Crimes were reported.
 2015-No Hate Crimes were reported.
 2014-No Hate Crimes were reported.

Data reported is organized according to the new, more detailed classification system required by the federal government since 2014. Earlier crime statistics were reported at MPCC by way of a less complex format that involved only crimes on campus or reasonably contiguous to campus locations. The requirement that institutions report statistics for referrals for campus disciplinary action for alcohol, drug and weapons possession refers to violations of law only. For example, if a student of legal drinking age, in the state in which an institution is located, violates the institution’s dry campus policy and is referred for campus disciplinary action, that statistic would not have to be included in the institution’s crime statistics. We believe that college officials are capable of determining whether a particular alcohol, drug, or weapons violation is a violation of law.
