<b>BSAD 2250 NP 1L</b>	<b>Business Communications</b>	Online	3	05/22	07/13				Chittick			Online Course
<p>This course focuses on the introduction to the basic styles of communication in the business world. The overall objective of this course is to familiarize students with the principles of written and oral communication needed for business. Focus will be given on how to effectively write business messages (routine, bad-news, goodwill, persuasive, etc.) and business reports. Focus will also be given on how to effectively communicate orally and deliver a formal presentation in the business work environment. Correct usage of the language is emphasized. This course is a Writing Intensive course. Prerequisite: Appropriate score on placement test or have passed ENGL 0990 and/or ENGL 0920 with a "C" or higher, or have passed OFFT 1070 with a "C" or higher.</p>												
<b>BSAD 2370 MC 1L</b>	<b>E-Marketing</b>	Online	3	06/05	07/27				Mowry			Online Course
<p>This course applies the techniques of using electronic marketing in the workplace. Strategies for businesses that may initiate or reassess the overall effectiveness and value of digital elements will be emphasized. The course will specifically focus on integrating E-marketing tools, including e-mail lists and databases, into total marketing efforts along with organizational goals and functions. Ethical and societal implications of e-commerce on the marketplace, customer base, and employee will be included. Prerequisite: BSAD 2340 or 2520.</p>												
<b>BSAD 2510 MC 1L</b>	<b>Business Computer Systems</b>	Online	4	06/05	07/27				Mooney			Online Course
<p>This course explores the integration of technology into the business environment through the application of basic computer concepts and terminology. The course addresses basic competencies and applications of computer skills in basic file management, word processing, spreadsheets, database and presentation software using the Office Suite. NOTE: Not open to students who have previously completed OFFT 2150.</p>												
<b>BSAD 2745 MC 1L</b>	<b>Business Internship</b>	Online	5	06/05	07/27				Mowry			Online Course/Specially Arranged Course
<b>BSAD 2745 NP 01</b>	<b>Business Internship</b>	North Platte	5	05/22	07/28	By Arrangement			Nutt	MB	122	Arranged
<p>Students will review job descriptions, qualifications, and employer expectations and receive information about their internship responsibilities. Students will experience on-the-job training through a cooperative arrangement with an organization, working a minimum of 240 clock hours under the direction of a sponsoring manager or supervisor. Emphasis is placed on the application of technical knowledge, communication skills, and relationships with others. Students will be required to attend a specified number of business or personal development seminars as approved by the instructor. This class is designed for the Associate of Applied Science in Business Degree Program. (Replaces BSAD 2730, 2740, and 2750.)</p>												

## Business Office Technology

<b>OFFT 1070 NP 1L</b>	<b>Business English</b>	Online	3	06/05	07/13				Chittick			Online Course
<p>Preparation for written communication is vital to communicate effectively in today's workplace. This course emphasizes the basic English grammar, spelling, punctuation, correct word usage, sentence structure, and paragraph construction as it applies to effective written communication in business.</p>												
<b>OFFT 1150 NP 1L</b>	<b>Input Keyboard Technology I</b>	Online	3	05/15	06/05				Condon			Online Course
<p>Introduction to touch keyboarding using the alphabetic and figure symbol keys on a standard computer keyboard. Students will prepare basic documents such as business letters, memos, tables, and basic reports formatting and be introduced to a popular word processing software application. Fee \$10.</p>												
<b>OFFT 1160 NP 1L</b>	<b>Input Keyboard Technology II</b>	Online	3	06/12	07/27				Condon			Online Course
<p>Reinforce keyboarding techniques and develop speed and accuracy skills needed for effective office employment. Instruction includes hands-on use of various input devices. Extensive preparation of business documents includes the following: business letters, mail merges, memos, tables, reports, forms, and other business related documents. Prerequisite: Typing speed of 25-30 words per minute. Fee \$10.</p>

This class is intended to provide the Health Care student with training, as an individual or as a team member, to administer adult, child, and infant CPR. Usage of an AED, pocket mask, and bag-valve mask is also included. This class fulfills the CPR requirement for most other health related professions. Fee \$20 (book and two year certification card).

**EMTL 2100 MC 01    PHTLS (Pre-Hospital Trauma Life Su    McCook    1    8:00 AM 5:00 PM    SU    Molcyk                    TI    115    Course not open for general enrollment.**

**EMTL 2100 MC 02    PHTLS (Pre-Hospital Trauma Life Su    McCook    1    07/08 07/09    8:00 AM 5:00 PM    SU    Staff                    TI    115**

The PHTLS Provider course is an intensive two-day course which will introduce the student to knowledge of the physiology, patho-physiology, and kinetics of injury. This course will advance the student's level of competence to specific pre-hospital trauma intervention skills and provide an overview of the management of the multi-system trauma patient. Prerequisites: EMTL 1510 or EMTL 1530.

**EMTL 2110 MC 01    AMLS (Advanced Medical Llife Supp    McCook    1    8:00 AM 5:00 PM    SU    Jacobus                    TI    115    Course is not open for general enrollment.**

The AMLS Provider course is an intensive two-day course which will introduce the student to knowledge of the physiology, patho-physiology of the medical patient. This course will advance the student's level of competence to specific medical conditions and provide an overview of the treatment and management of the medical patient. Prerequisites: EMTL 1110 and 1510.

**EMTL 2630 MC 01    Introduction to Paramedicine                    McCook    3    05/15 08/04    8:00 AM 5:00 PM    MTWRF    Molcyk                    TI    115**

Introduction to the foundation of the paramedic practice including; roles and responsibilities, well being of the paramedic, injury and illness prevention, medical legal, ethics, body systems, concepts of pathophysiology, and life span development. Prerequisites: Current Healthcare CPR Certification or equivalent; Current EMT Certification. Corequisites: EMTL 2640, EMTL 2650, and EMTL 2660.

**EMTL 2640 MC 01    Paramedic Pharmacology                    McCook    3    05/15 08/04    8:00 AM 5:00 PM    MTWRF    Molcyk                    TI    115**

Introduction to the basic principles of pharmacology, drug and chemical classification, and medication administration used in prehospital emergency setting. Corequisites: EMTL 2630, EMTL2650, and EMTL2660.

English Composition I is designed to develop writing skills. Students write short papers and essays based upon their personal experience and/or assigned papers. The course emphasizes the clear written expression of ideas and the importance of organization, word choice, logic, and sentence construction. The process of planning, writing, revising, researching, documenting, and editing essays for a particular audience is also emphasized. Students must have achieved a 74 on the COMPASS writing exam or the equivalent on the ACT or SAT or have passed ENGL 0990 with a "C" or higher. Students must have achieved an 80 on the COMPASS reading exam or the equivalent on the ACT or SAT or have passed ENGL 0920 with a "C" or higher. Prerequisite: Minimum COMPASS reading and writing scores or the equivalent as outlined above.

ENGL 1020 NP 1L	English Composition II	Online	3	06/30	08/11				Allen			Online Course
ENGL 1020 NP 2L	English Composition II	Online	3	06/05	07/27				Leibhart			Online Course

Focuses on extended source-based writings and/or projects, including a required research paper. Emphasized organizational strategies for research, the integration of multiple resources, and the ethical use of information source to produce informative and/or argumentative texts. Prerequisite: Completion of ENGL 1010 with a "C" or higher.

ENGL 2030 MC 1L	Genre Survey: Poetry	Online	3	05/15	06/04				Miller			Online Course
-----------------	----------------------	--------	---	-------	-------	--	--	--	--------	--	--	---------------

Elements and theories of poetry. Study of selected poems stressing the development of a method of analysis and criticism. Emphasis on critical discussion and writing. Prerequisite: ENGL 1010 with 'C' or higher.

ENGL 2520 NP 1L	Literature of Nature	Online	3	06/05	06/29				Schmit			Online Course
-----------------	----------------------	--------	---	-------	-------	--	--	--	--------	--	--	---------------

Begins with an examination of the rural dream in America and proceeds to examples of long and short fiction concerned with life in the outdoors. Prerequisite: ENGL 1010 with 'C' or higher.

ENGL 2550 NP 1L	Short Fiction	Online	3	06/30	08/11				Allen			Online Course
-----------------	---------------	--------	---	-------	-------	--	--	--	-------	--	--	---------------

An introduction to the short story. Includes various types of American, English, and Continental short fiction. Emphasis on theme and form. Prerequisite: ENGL 1010 with 'C' or higher.

### Medical Laboratory Technician

**MEDT 1060 NP 01 Lab Math North Platte 1 05/15 07/12 11:20 AM 12:30 PM M W Steinbeck HASC 212 South Campus**

A review of basic mathematics progressing into solutions, dilutions, colorimetry, standard curves, quality control and special calculations. Lecture only. Prerequisite: Successful completion of MEDT 1000.

**MEDT 2010 NP 01 Serology North Platte 1.5 05/15 07/12 9:00 AM 11:00 AM M W Steinbeck HASC 212 South Campus**

The basic theory and concepts in serology are covered with emphasis on the many different serology test procedures utilized in the modern day laboratory. Fee \$10. Prerequisites: Successful completion of MEDT 1710..

**MEDT 2250 NP 01 Urinalysis North Platte 2 05/15 07/12 1:30 PM 4:00 PM M W Steinbeck HASC 212 South Campus**

The study of chemical and cellular changes in the urine in health and illness. Lecture and lab. Prerequisite: Successful completion of MEDT 1000. Fee \$15.

### Music

**MUSC 1010 NP 1L Music Appreciation Online 3 06/05 07/27 Peters Online Course**

An introduction and overview of the history of Western art music, from the Middle Ages to modern times. Includes the elements of music, historical style periods, and major composers and selected works. [Offered as MUSC 1660: Concert Choir prior to Fall 2016]

### Nursing

<b>NURS 1300 NP B1</b>	Practical Nursing Exit	Broken Bow		06/29	9:00 AM 3:00 PM	WR	Mallory		DL: Broken Bow

The purpose of this course is to prepare students completing the first year of the AD Nursing Program who choose to engage in nursing at the level of the Practical Nurse scope of practice. This course provides additional nursing content and skills needed at the PN level. The course includes competencies needed for the LPN-C credential in IV therapy. Application of knowledge and skills occurs in the nursing laboratories and a variety of clinical settings. Prerequisites: NURS 1200 and 1201. Once the student passes the NCLEX-PN they would be eligible to take the LPN-C certification for the State of Nebraska.

PHIL 1150 NP 1L	Intro to Logic & Critical Thinking	Online	3	06/05	07/27				Newland			Online Course
-----------------	------------------------------------	--------	---	-------	-------	--	--	--	---------	--	--	---------------

Critical thinking is the intellectually disciplined process of actively and skillfully conceptualizing, applying, analyzing, synthesizing, and/or evaluating information. Students will encounter an analytical method of language analysis, logic, fallacies, construction of valid arguments, the notion of evidence, relevant questioning, and problem solving techniques. [Offered as PHIL 1100: Introduction to Critical Thinking prior to Fall 2016]

### Physical Education

PHED 1040 NP 01	Walking & Jogging	North Platte	1	06/05	07/13	By Arrangement			Thalken	MB	216	Arranged
-----------------	-------------------	--------------	---	-------	-------	----------------	--	--	---------	----	-----	----------

An independent study course designed for students whose schedules or preferences make it difficult to enroll in scheduled physical education classes. This course will introduce the student to the fundamental skill of walking and/or jogging. The intent is to improve a person's stamina and overall fitness. Fee \$10.

PHED 1810 MC 1L	Drugs & Sports	Online	2	06/05	07/27				Olsen			Online Course
-----------------	----------------	--------	---	-------	-------	--	--	--	-------	--	--	---------------

Course designed as an introduction to the knowledge of the roles that drugs play in modern day sport. The class will cover performance enhancing drugs, as well as the effects of prescription drugs, narcotics, over the counter drugs, alcohol, tobacco, and all other nutritional supplements used to enhance an athlete's performance. The class will cover the science of each classification of drug, all social and ethical issues that arise with the topic of drugs and sports, and cover the testing agencies, methods, and reporting of drug use in sports.

PHED 2990 NP 01	ST: Power Sculpting I	North Platte	1	06/06	07/27	5:30 PM 6:45 PM	T R		Osbon	RCEN		16 classes required in the 8 week period.

A study of the functioning of the political system through an analysis and application of its underlying theories.

## Psychology

PSYC 1810 NP 01	Intro to Psychology	North Platte	3	06/05	06/29	9:00 AM	11:45 AM	MTWR	Johnson	MB	131	South Campus
PSYC 1810 NP 1L	Intro to Psychology	Online	3	06/05	07/27				Johnson			Online Course

An introduction to the science of psychology including the application of critical thinking to the study of learning theory, memory, personality, growth and development, biological and neurological aspects, abnormal behavior, therapies, intelligence, motivation, emotion, sensation, perception, and theoretical perspectives.

PSYC 2060 NP 1L	Lifespan Development	Online	3	06/05	07/27				DeTurk			Online Course
-----------------	----------------------	--------	---	-------	-------	--	--	--	--------	--	--	---------------

Lifespan Development provides an overview of human development across the lifespan. The course will include an examination of the theories and issues related to human development in the light of traditional studies as well as recent research. Focus will be given to biosocial development, cognitive development, and psychosocial development from conception to late adulthood, including death. Prerequisite: PSYC 1810 or equivalent, or permission of instructor.

## Sociology

SOCI 1000 MC 1L	Human Relations: People Skills	Online	3	06/05	07/27				Mowry			Online Course
SOCI 1000 NP 01	Human Relations: People Skills	North Platte	3	06/05	06/29	11:00 AM	1:40 PM	MTWR	Crumly	MB	132	South Campus

This course focuses on soft-skills training. Thirteen areas for skill improvement in human relations (people-skills) are studied. These major universal training needs are shared by most managerial, business, professional, technical and sales personnel. The training needs include understanding individual differences, interpersonal communication, teamwork skills, problem solving, cross-cultural relations, effective leadership, motivating self and others, helping others develop, positive political skills, personal productivity, stress management, customer service skills and enhancing ethical behavior. This is a practical working course that provides students with service learning experiences.
